c/o Dr. C.K. Drinker,
Hudson, Mass.

My dear Miss Voorhees,

I meant, before I left in June, to tell you of a change in my summer plans, which I believe is not recorded with the Appointment Bureau. There was such a rush at the last minute, that I neglected to do this.

After Easter vacation, Miss Turner told me of a summer position, open in the family of Dr. Cecil K Drinker, of the Harvard School of Public Health.,- that of being sort of a companion to the two children, ages 12 and 7, at their farm in Hudson, Mass. The remuneration for the summer was to be \$300. Because of the opportunity to be among scientific people, (Mrs. D. is also an M.D.), and because of the excellent pay, I thought it worth while to undertake to cancel my camp contract- with Camp Highfields. Miss Marshall, with whom I communicated, was very lovely about it, agreed with me entirely, and cancelled the contract. I went to Boston, and interviewed the Drinkers, which resulted in my obtaining the position. So I am here in Hudson being a "governess" instead of teaching tennis in Maine.

May I thank you again for offering me the position in Maine. The interview I had with Miss Marshall was very satisfactory, and she has asked me to come some summer in a medical capacity.

I hope you will have a pleasant summer,- not too busy,- but I can hardly imagine your being idle.

Very truly yours,

VIRGINIA APGAR
